FORMER DALY CITY GIRL SLAIN BY ACCIDENT

Authorities Decide Fatality Due To Shot From Bullet Fired At Dove

A 17 year San Francisco high school girl student was accidentally shot to death, Friday of last week, in the rough country in the Livermore hills, near Tracy.

The dead girl was Alice Ross, 17, daughter of Mr. and Mrs. Earl Ross, 2186 Forty-seventh avenue, in San Francisco, a student at the Balboa High School in that city. The Ross family formerly resided in Daly City on Evergreen avenue, where Alice attended elementary school for some years.

San Joaquin County authorities began an investigation immediately following the fatal accident in order to determine its cause.

On Monday of this week the district attorney declared that it had been determined officially that the

"School's Out!" Instructor Dismisses Air Hostess Class

Six West Coast nurses will soon be chosen to train for positions as air hostesses by one of the country's leading airlines as plans were recently laid for a new transcontinental route. New runs on the airline's schedule and "runs" made by Cupid on the "sky girl" ranks make the call for "pupils" a necessity. Requirements for the position are: The applicant must be a trained nurse, must be between 5 feet and 5 feet 4 inches, must be attractive and between 21 and 26 years old. Photo shows a training "schoolship," where student hostesses train for several weeks before taking to the air.

FLORAL FIESTA NOW IN SEARCH OF "HOSTESSES"

Daly City Girls To Have Opportunity To Serve In Greeting Line

Wanted — Fifteen beautiful girls, all residents of San Mateo County, to serve as "hostesses" during the San Mateo County Floral Fiesta at Bay Meadows from September 23 to 26.

This was the appeal issued today by the Fiesta Commission to all sections of the county.

Girls of 18 years or over living in Daly City and vicinity are eligible to enter the competition for selection as the most attractive fifteen—blondes, brunettes or redheads, all are welcome.

The publicity bureau of the Fiesta will be in charge of the selection, and, through co-operation with the Daly City Record, is urging every girl in this community interested to enter her name.

It is no contest, the publicity bureau warned—there are no prizes; girls will simply be given the honor of designation as the most attractive in San Mateo County.

As hostesses the girls will greet visitors at the Fiesta, will pose for pictures for the publicity bureau and will wear attractive costumes throughout the event to aid in calling the attention of Pacific Coast people to the annual Fiesta celebration.

Within a few days entry blanks will be sent from the Fiesta headquarters to the Daly City Record office. Any girls wishing to have the

Federal Theater Project Invites Authors To Enter National Contest

Every northern Californian who has ever entertained a dream of becoming a playwright and seeing his work produced professionally on a New York stage, is offered an opportunity by the Federal Theater Project. The Dramatics Guild is offering a cash award of $250 to the winner of the Federal Theaters National American Play Contest and in addition a minimum run of two weeks at the customary Federal Theaters royalty is guaranteed on a New York stage. Scripts must be submitted on or before September 30, 1937.

The Federal Theaters is particularly eager to obtain scripts based on observation of contemporary American life and the American scene, and will bear its particular needs in mind in making its award. To encourage the younger authors, contestants are limited to those who have not yet achieved in any commercial Broadway production more than one run exceeding three weeks on Broadway or twenty-eight performances on the road.

The Federal Theaters also reserves the right to produce the play, within six months of the first production, in other Federal Theaters throughout the country, all other rights remaining with the author.

The Federal Theater Project will also give professional production, under the Dramatics Guild 26-A form of contract, to such other plays submitted as seem to its judges worthy of production. Plays to which Federal Theaters reserves such production rights will be an-

Thus, in an optimistic survey, it was revealed this week that hordes of travelers were moving over the highways, railroads, sea and air lanes of Western America.

Because Humphrey Bogart, movie actor, told his wife he no longer loved her and wanted to be a bachelor again, Mary Phillips, whom he married in April, 1928, was granted a divorce, this week, at Los Angeles.

Mail Official Held To Answer

Albert J. Molinari, formerly superintendent of mails at the Daly City Postoffice, appeared before United States Commissioner Williams, Tuesday of this week, in San Francisco, to plead to a charge of illegal use of stamps, the results of a secret investigation conducted during the last two months.

Molinari told the commissioner that he substituted cancelled stamps for unused stamps on several packages sent from his office in order to make up a shortage in the money order drawers. He was held to answer to the federal grand jury.

SAYS HE WILL NOT MARRY SOCIETY GIRL

Prince David Mdivani has denied reports in Roman society circles that he would marry Miss Muriel ("Honey") Johnson, daughter of Mr. and Mrs. Harry T. Johnson of New York.

SHOULD BE ENOUGH CAUSE FOR DIVORCE

In naming Davis Murray as a "four star boarder, in a suit filed at Los Angeles this week, John B. Fitzgibbons complained."

"He not only kissed my wife and used my automobile, but he even wore my clothes.

"The final insult was when she and Murray prejudiced my own daughter against me.

"And Murray wouldn't even pay board—my wife wouldn't let him."

Fitzgibbons is seeking a divorce from his wife, Marguerite.

Struck By Auto

While waiting for a street car at Mission and Market streets in Colma, Friday evening of last week, Mrs. Louise Tiaconi of 979 Bayshore avenue sustained painful injuries. The injured woman was treated at the Villa Sanitarium.

Bride, 14, Groom, 22, Ignore Church Ban

Though church law said "no" to their marriage, civil law said "yes," so 14 year old Gertrude Antoinette Bourilier and her groom, Edmund Scott, 22, were pronounced man and wife by a San Francisco municipal judge recently. The couple was denied by Archbishop John J. Mitty a request that their marriage forego traditional Catholic banns which would have delayed their wedding three weeks. They were set on marrying "immediately." In denying the request the archbishop said, "Gertrude is too young to marry. She should wait at least a month; then she would be 15." The prelate did not forbid the marriage, but declined a dispensation of the rule regarding publication of banns, necessitating a delay of at least three weeks. Bride and groom are shown "house hunting."

PLAY OF WEST OFFERED SOON AT THE CURRAN

"Story To Be Whispered" Brings Exotic Star Back To Legitimate Stage

The box office of the Curran Theater, San Francisco, opened Thursday morning of this week for the sale of seats for Majorie Rambeau in the new American play, "Story To Be Whispered," by William Hurlbut, with Weldon Heyburn in the role of Jack Hamilton.

With such a popular star as Marjorie in a very colorful play laid in Virginia City, Nevada, when the Silver Kings of the Bonanza were digging vast riches from the mountainside, this will be an auspicious opening of the new theatrical season, which promises to be one of the best in many years.

The opening date for the world premiere of this play, which brings Marjorie Rambeau back to the legitimate stage after an absence of several years, is now definitely set for Thursday night, August 19, at the Curran Theater. There will be undoubtedly a large influx of theatergoers from California and Nevada to see the star and play. It is seldom that a new play arouses so much advance interest as has this one.

The entire production is under the direction of Edgar MacGregor and he has engaged an unusually brilliant cast which includes such popular players as Herbert Corthell, Lester Matthews, Minnie Dupree, Alma Lloyd, Myra Marsh, Mary Field, Mabel Colcord, Mildred Sennett, Guy Wilkerson, George Pauncefort and Richard Winslow.

The scenic production, designated by Norman Rock, is unusually elaborate, with five scenes, four of which are laid in Virginia City, and the other in New York. The costumes, also designed by Mr. Rock, are of the period, the colorful days of the seventies.

The accident occurred near the local bank on the corner of Mission street and San Jose avenue, while the girl was standing in the pedestrian lane waiting for a street car.

The child was given first aid treatment by Dr. Lynch following the accident and next day had the injured member set at the Villa Sanitarium.

DeHoff was not held by local police, as the accident was deemed unavoidable.

Matter Of Painting Traffic Lanes From San Jose Avenue Discussed

Monday evening of this week the Daly City Council met in regular session with Mayor Selmi presiding and all members present.

A communication from the Daly City Band, signed by the officers and 23 members was presented. The letter asked city sponsorship, both financially and morally, for the musical organization. It was pointed out that such a body is of great benefit to our city from the advertising received through its activities and also of advantage to all our citizens in the way of musical culture. The matter was referred to the city attorney for study and report as to the legality of expenditure of funds for such a purpose and also to the planning committee for recommendation.

The report of the Health Department stated a number of cases of contagious diseases exist in the city. Declaration was made that the State Department of Health will soon undertake inspection of all food establishments here.

A business man made complaint that, presumably at the request of the city health officer, a representative of the County Health Department had spread poison on his premises and adjacent places of business. The result, he stated, was that many rodents died after seeking refuge under the floor of his building, causing an unpleasant effluvia to emanate after their decease. The matter was referred to the health committee to secure a report regarding the complaint from the city health officer. The complainant received assurance

Most promising contestant for the hurdle championship is a young dog named Dutch Ruether, from the small but select racing kennel owned by Jack Roche, former Pacific Coast league baseball player.

shooting undoubtedly was the result of an accident and that no further action was contemplated.

The girl had been visiting with friends of her family, George and Thomas McDermitt of Oakland.

Friday morning, she and their young nephew, Bernard McDermitt, aged 12, of 636 Templeton avenue, Daly City, who was also visiting with them, armed with a 22 caliber rifle, started out for a rabbit hunt in the nearby country.

As the boy related the story after discovery of the tragedy, about noon Alice expressed fatigue and sat down under a tree to rest while he proceeded to a nearby ravine looking for rabbits.

He said he walked down a 50 yard slope and fired several shots.

Later he fired a shot at a dove in line with the tree where he had left the victim of the tragedy. This bullet apparently struck the girl, entering her temple.

Hearing the girl scream, the boy ran back to where he had left her and found her lying under a tree.

Being unable to arouse her from unconsciousness, the lad ran to the cabin occupied by his uncles, a distance of about half a mile from the scene.

One of the men hurried to the place where the girl lay and on examination discovered that she had been shot through the head.

Surviving, besides the parents, Earl and Julia Ross, are her sister Dorothy and two grandmothers, Mrs. Amelia Ross and Augusta Rietel.

Funeral services were conducted from a San Francisco mortuary establishment, Tuesday afternoon of this week at 1 o'clock.

Interment was at Cypress Lawn Cemetery.

Youths Stripping Stolen Cars Taken

Wednesday night of this week, on the Skyline boulevard, just off Sneaths Lane, Highway Patrolmen Schramm, Francis and Rinkel, with Deputy Sheriff J. Bottimore of San Mateo County, suddenly came upon two youths in the act of stripping stolen cars. They were working on two machines at the time, one a Plymouth, the other a Buick.

One of the culprits, Henry I. Smith age 20, made his escape into the thick underbrush, although the officers fired several shots in their efforts to halt him. The other errant, Howard Danielson, age 21, of 239 Broderick street, San Francisco, was caught after a considerable chase. It was learned that Danielson is wanted by the federal government for desertion from Thirtieth Infantry Co. E, at the Presidio.

It was revealed, on examination of Danielson, that for some time he and his friend had been stealing cars in and about San Francisco and stripping them in San Mateo County.

Danielson was arrested and is at present in the San Mateo County jail and later will be turned over to the San Francisco police for prosecution.

The uncovering of this theft brought to light the fact that the boys have been party to the stealing of many other cars, which they had placed, for storage in a San Francisco garage. After shifting license plates they boldly parked some of the plundered cars at the curb in front of their homes.

Danielson asserted that both he and his accomplice were married.

Tanforan Juniors Win Ninth Straight

Exciting Twelve Inning Game Staged On Jefferson High School Diamond

Fans who treked to the Athletic field of the Jefferson Union High School, last Sunday, witnessed one of the best played games of the season.

The score remained a one to one tie until the last half of the twelfth frame, with both pitchers going strong.

The first man up for the home team in this inning, Pastorino, let off with a single and Paulon promptly cracked out a double, sending the runner to third. Joe Lucia walked, jamming the hassocks. At this juncture Long blasted out a high fly which the left fielder was unable to reach, scoring Pastorino with the winning run.

Young Sammy Hawley, for the Daly City boys, pitched one of the best games seen on the local diamond in many a day. He finished strong with a record of eight hits in twelve innings and sending an even dozen back to the bench via the strikeout route. Some pitching in any man's game, we say!

If information is desired at once, girls may telephone Fiesta headquarters in San Mateo.

Any girl wishing to assist the publicity bureau in their selection may send a photograph of herself. A snapshot likeness is sufficiant; the bureau does not wish anyone to go to great expense in the matter.

From study of all entry blanks, the publicity bureau, assisted by representatives of the Daly City Record, will call in the girls and choose the most beautiful fifteen, designating them "Fiesta Hostesses."

Civic groups may support any girl for a Fiesta Hostess and may urge the publicity bureau to consider her as representative of the county.

Questioned about "blonde" senoritas, President Gibson declared he had conducted a thorough research and found that in the olden days there were light-haired senoritas; so color of hair, although the Fiesta is of Spanish theme, will not be a factor in the selection of hostesses.

BAY FERRY FARE CUT TO THIRTY CENTS

In a ruling handed down Monday of this week, the state railroad commission granted the petition of the Southern Pacific-Golden Gate Ferries, Ltd., for a cut of the auto fare to 30 cents for one way and 50 cents for the round-trip between San Francisco and Oakland, and San Francisco and Sausalito.

HURDLE RACE CONTINGENT IS WELL MATCHED

"Sport Of Queens" Event Most Closely Contested At Baden Kennel Club

(Continued from Page 1)

Ruether not only equalled the season's best time but came from far back to nip the pace setters at the wire in a thrilling photo-finish. Sailor Joe, one of the early season favorites, set the pace in the race, only to give way to Harry Elfrink. Both were overtaken by Jack Roche's expert jumper.

Brandy Flask, owned by the Elfrink kennels, has won his share of races due to his ability to run fast in the final stages. He has come from behind both Harry Elfrink and Sailor Joe.

It appears that among these four the championship will ultimately rest. Each has run the futurity hurdle race in 30 3-5 seconds, best time of the meeting.

The box score:

Dogs—	Sts.	1sts	2nds	3rds
Dutch Ruether	21	3	3	4
Harry Elfrink	5	3	1	1
Sailor Joe	12	2	6	1
Brandy Flash	18	3	5	2

Harry Elfrink's record in the hurdles is by far the best, but Dutch Ruether's recent improvement may force him to second place.

AUTO—TRAIN CRASHES

Automobiles struck trains through some carelessness or error of the motorist in 58 per cent of all night accidents at railroad crossings last year.

A tourist stopped his car on the road and asked a little country boy how far it was to Smithville.

The little boy replied: "It's 24,999 miles the way you're goin', but if you turn around it ain't but four."

Married Men To Play Single Men

One of the greatest spectacles ever witnessed by baseball fans of Daly City will be staged this coming Sunday afternoon at 1 o'clock at the Jefferson Union High School diamond.

At that time the married and single men members of the local Arie of Eagles will clash.

Pete Linden will captain the team of married men and Harold White will boss the single fellows.

Both managers claim they already have the game in the bag—but, we'll see on Sunday.

Come on out, all ye rooters, and shout for your favorites!

CARAVANS WILL RIDE TRAIL OF NOTED BANDIT

Hollister Horse Show And Rodeo Soon To Be In Full Swing

On August 20, over the trail which three-quarters of a century ago was followed by Tiburcio Vasquez, noted bandit, caravans of horses will ride.

This date has been selected for the opening of the annual San Benito County Saddle Horse Show and Rodeo, it has been announced.

Instead of carrying their riders over the road which the famed bandit took in his escapes from sheriffs posses, these present day horses will be trucked to Bolado Park to take part in the three day program.

The Bolado Park setting, on the picturesque "El Camino de los Bandidos," has been appropriately selected for the saddle horse show. Here a century ago retainers of the Spanish grandees on the east slope of the

ANONYMOUS LETTER WRITERS

Anonymous is designated by the dictionary as "having no acknowledged name; bearing no name; of unknown authorship or agency."

The anonymous letter writer, therefore, is some individual who desires to impregnate lying and libelous thoughts against some person or persons without disclosing his or her own identity.

Any person, man or woman, who indulges in this kind of poisonous literature might well be designated as "advocatus diabolite," or "the devil's advocate."

There could be no status lower or more despicable or reprehensible in the eyes of fair minded people than the slimy, insidious assassin of character, the slayer of good names of honorable citizens than those so cowardly and lacking in moral courage who hide behind anonimity.

Such "animal implume" are more deadly and dangerous and lower than the slimy serpent that crawls on its belly in the grass, and suddenly rears its ugly head to shoot its dart of poisonous venom into the body of the unsuspecting victim.

From Proverbs we learn: "The soul of the wicked desireth evil." What is more evil than the anonymous letter writer?

These skunks are so reprehensible that, possibly, it is idle to mention the breed at all. But attention must be called to their nefarious trafficking so honest people may guard against attack.

The trail of broken friendships, shattered homes and romances caused by creeping, suggestive messages conveyed by letters of anonymous origin is almost beyond calculation. The seeds of suspicion are easily inculcated in many minds and often take long periods of time to eradicate.

A respectable community has no place for this kind of burrowing louse and all the species should be eradicated from our midst at the earliest possible moment.

It sometimes is a hard matter to "catch up" with this sort of human "scum," but sooner or later the inevitable happens. And if the maligned man or woman should mete out summary justice to the slimy parasite he or she should be roundly applauded by all respectable citizens as a public benefactor.

As for these "ami de cour" our last word will be:

"Apage Satanus"—Get the hence, Satan!

ROOSEVELT CLINGS TO LIBERAL TENDENCIES

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Any fear that President Roosevelt might be inclining toward conservatism is dissipated when one considers his choice of statesmen for conferences. Some of the conferees are not even Democrats, notably Senator Robert M. LaFollette and Governor Philip F. La Follette of Wisconsin, leaders of the Progressive party.

Conservative Democrats were flabbergasted when the chief executive sent an invitation to Governor Frank Murphy of Michigan to come to the White House for a talk, principally on the labor situation.

It is recalled by the reactionaries that it was in Michigan, at the outset of the automobile labor trouble, that the sit-down strike was first tried on a large scale. Worse still, Governor Murphy did not take overt action against the sit-downers. He was denounced everywhere by conservatives, both Democratic and Republican.

Vice President Garner has to take a back seat, as he is a confirmed reactionary. The other evening when the President conferred with Senator Alben W. Barkley, majority leader in the upper house of Congress, and with House leaders as to the program for the remainder of the session, the vice president did not even know the meeting was being held.

Federal government economists are giving much attention to installment buying and overexpanded retailing as possible causes of another collapse such as we had not so many years ago. Department of Commerce statisticians are preparing to gather figures on a monthly basis. The only figures available are on a yearly basis for 1936. Such compilations are not adequate for the purpose at hand.

Secretary of Commerce Roper's Business Advisory Council has recommended the collecting of data on a monthly basis. When the survey can begin is problematical, as funds are lacking. The recent order for cutting government costs by 10 per cent hits the commerce department the same as other departments.

Somewhat germane to the problem of credit inflation is the announcement of Representative R. L. Doughton, chairman of the joint Congressional tax committee, that the major tax bill will come in January, not during this session of Congress.

Leopold III, king of Belgium, has made a suggestion that is receiving more than passing attention by various governments. He seeks the formation of a permanent organization to deal with the great economic problems confronting humanity. King Leopold mentions the distribution of raw materials, foreign exchange, international division of labor, and the balance between the industrial and agricultural nations.

The Lea bill for control of corporate reorganizations, debt settlements and adjustments by the Securities and Exchange Commission is being modified to some extent. One of the changes is the withdrawal of the section penalizing American brokers for effecting a trade in a defaulted foreign bond that might be traced thereafter to an original order from the defaulter. Under the proposed scheme it is said American bondholders would have received less for their bonds than at present.

MODERN DRAMA IS DEPICTED IN NEW TYPE PLAY

Control Of Electrical Output Of Nation And Its Effect On Consumers

San Francisco theater goers filled the Alcazar to the last row in the gallery, Thursday night of this week, and hundreds were turned away when "Power," the Living Newspaper play, drama of modern industry and a new type of theatrical presentation, had its San Francisco premiere. The play was enthusiastically received. It is outstandingly the best presentation yet done by the San Francisco Federal Theater Project players.

"Power" outlines in unmistakable terms the importance of electrical current in the every day life of all Americans. Its drama consists, in part, of an exposition of the manipulation of big business in its efforts to corner and control electrical output and the effect on the consumer.

No angle has been overlooked by the compilers of the data on which the play is based; no detail seems to have been too little to escape investigation in the effort to combine entertainment with the great message that 'Power" brings.

As to the cast! San Francisco has always been the chosen home of people of the theater, and "Power" reflects this idea. Like the drama itself the program is a list, on the right side, of actors who have achieved renown in many parts of the country and in the days of road shows, professionals of yesterday, today and tomorrow. Among them are the consumer, played by Will Vedder; Sir William Gilbert, by Donald Gray; Michael Farraday, by Edgar Regan; George Simon Ohm, by William Harris; the business men, by Solly Carter, Wilbur Johnson, Mauritz Hugo, Ben Woolsey and Leon Forbes; Martin Insull, by Wilbur Johnson; Mayor Bangs, by J. Raymond Northcutt; Representative Jno. E. Rankin, by Rupert Drum; Mrs. Lane of 1913 and Mrs. Lane of 1926, by Kay Pickering; and Geraldine Allan and the Hosiery Clerks, by Vera Rothery and Arline Dodson.

There are nearly 100 actors and all are active. "Power" should be good for a long run.

OBSERVATION OF VARIOUS THINGS IN OUR CAPITAL

The Third-Term Bugaboo Is Subject Of Much Conjecture In Washington

(By Hart Goodrich)

"Will President Roosevelt seek a third term in 1940?" is the question on the lips of many here in Washington, as well as throughout the United States. His constructive program and brilliant generalship as President have made him one of the most popular leaders this country has ever known. There is no question but that he would receive support from most of us for a third term—if he should run for it.

Although there is nothing in the Constitution to prevent one President from remaining in office for more than two terms, there has been a great deal of prejudice to a third term in he past. It may be interesting to look back into our country's history to find out why.

President George Washington's refusal to run for a third term has been the strongest factor in establishing opposition to a third term. What most of us do not know is that Washington was very emphatic against limiting the presidential tenure in the Constitution.

Washington's letter to Lafayette in 1778 explains his attitude toward a third term:

"There are other points in which opinions would be more likely to vary, as, for instance, on the eligibility of the same person for President after he should have served a certain number of years. Guarded so effectively as the proposed Constitution is in respect to the prevention of bribery and undue influence in the choice of President, I confess I differ widely from Mr. Jefferson and you as to the necessity or expediency of rotation in that office. * * * I can see no propriety in precluding ourselves from the services of any man who on some great emergency shall be deemed universally most capable of serving the public."

This statement is quite as explicit as Washington's later action. To understand his refusal to serve a third term, we must remember that Washington's greatest pride was in the term "Foremost Farmer in America." To his own estate he introduced advanced farming methods through his own experiments and study of the work of others. His great leadership of his country in the Revolution was undertaken as a serious duty, devoid of personal ambition, and with a sense of regret that it must necessitate his leaving Mount Vernon. Could it not have been that his refusal to serve a third term was due to a desire to return to Mount Vernon? Now that the first years of the Republic were safely past, did he not feel he could leave the affairs of state in other hands?

Whatever the answer may be, it was merely Washington's unexplained acion which set an anti-third-term precedent that has had far greater weight and sway than law itself. If we must have our prejudices, let us base them on a firm foundation of fact, not fancy.

Lesson Sermon Of Christian Science

"My soul thirsteth for God, for the living God: when shall I come and appear before God?" These words from Psalms comprise the Golden Text to be used Sunday, August 15, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Soul." Included among the Scriptural selections will be: "And when Jesus departed thence, two blind men followed him, crying, and saying, Thou son of David, have mercy on us. . . . Then touched he their eyes, saying, According to your faith be it unto you. And their eyes were opened; . . ." (Matt. 9: 27, 29, 30 to ;).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "As human thought changes from one stage to another of conscious pain and painlessness, sorrow and joy,— from fear to hope and from faith to understanding, — the visible manifestation will at last be man governed by Soul, not by material sense" (p. 125).

TANFORAN STAKES TO DRAW EASTERNERS

By J. W. MARCHBANK

Small fields have been going to the post in the Futurities in the Chicago sector. Neither the Washington Park nor the Arlington Park stakes for two year olds could muster more than five interests. There is apt to be a different story in the Belmont Park race of the name usually given to events for the youngsters. There are usually fifteen or more starters in the New York feature.

Experts are of the opinion that the Arlington Park Lassie Stakes attracted the best lot of fillies seen at any track this year. I was won by Warren Wright's Theen, a daughter of imported Sickle, from the Wildair mare Potheen.

Nearly every track in the country is offering worthwhile prizes for mares and fillies in order to encourage owners to acquire stock that will be of use later on in the breeding paddock. Tanforan, for example, will have a Lassie Stakes at its meeting opening in the middle of November. Entries are restricted to California foals.

The Tanforan Futurity, which is open to colts, fillies and geldings foaled anywhere, will be run for the first time at the fall meeting next year. As it is at a mile and run late in the year it will undoubtedly bring out a large field, possibly twelve or more. Nominations closed in August of last year for the Tanforan Futurity of 1938.

Right now nominations for the Tanforan Futurity of 1939 are coming in at a good rate at the Tanforan office, as the "deadline" is midnight of next Monday. Indications are many of the large nurseries of the country will be represented in the list of entries. Bostonian, Flying Ebony, Sweepster, Macaw, Polymelian, King Heather, War Cry, Wildair, Bon Homme, Justice F and other noted producers have sons and daughters in the baby event scheduled for 1939.

Sierra de Gabilan gathered for their fandangos and fiestas. Here, too, were held the annual rodeos with Angel Castro, grantee of Rancho Paicines, as juez del campo, the final arbitor of all disputes over stock.

Desire to build up the saddle stock of the county has led to the elimination of all outside contestants. Only riders and horses living in the county will be permitted to compete in a program which will stress the juvenile's part in the development of exceptional stock horses. Children between the ages of 4 and 17 years will be segregated into three groups according to age and permitted to show horses, in many instances trained by themselves.

Crocker P. T. A. Regular Meeting

On Tuesday of this week the members of Crocker Parent Teacher Association met in regular session, in the club room of the Chalet at Fleishhacker Playground. Mrs. Otha Kinsey presided. Many of the members met in the morning to sew and have a picnic lunch. The chairmen of various committees reported on the progress of their work during the vacation period and outlined their program for the coming months.

Plans for a breakfast and study circle were completed. Mrs. Nell Caine will be hostess and the breakfast will be held in her home on Bellevue avenue on August 25. Mrs. Gertrude Walker will have charge of the study hour.

The meeting in September will be an evening meeting and will be dedicated to the Fathers. Mrs. Virginia Davidson, the event chairman, is arranging a special program for that evening.

Tentative plans were made for a card party to be held in Crocker School soon after the fall semester begins. Mrs. Vivien Pahlka will act as chairman.

The next meeting of the sewing group will be held at the home of Mrs. Bernadine Lewis, 134 Winchester street, on Thursday, August 19. Lunch will be served at noon.

Standard Signs For Wreck Removers

A standard for signs to be used by tow cars while removing wrecked vehicles from the highway was issued today by the State Motor Vehicle Department.

The signs, which are required by state law, are to be at least twenty-four inches square showing the words "slow—wreck," each word to be twenty inches long with black letters five inches high, against a yellow background.

An approved red reflector is to be placed in the upper left hand corner on the face of the sign.

The department hopes that these regulations, if followed, will prevent motorists from colliding with wrecking cars engaged in the removal of wrecks.

FISH AND GAME LAWS CHANGES EFFECTIVE DATE

Development Association Issues Comprehensive Report To Its Members

Changes in fish and game laws as result of Governor Merriam's recent disposition of the fish and game bills passed by the Legislature are shown in a detailed legislative report just released by the Fish and Game Development Association to its members throughout the state. The report includes an interpretation of the new laws and their effective date. Sportsmen are urged to familiarize themselves with the changes.

Marlin swordfish meat is taken off the market. Seasons on black bass, calico bass and crappie are shortened. Possession period of fish or game after seasons close is increased from five to ten days. So-called "derbies" excepting frog-jumping and striped bass contests, are prohibited except by permit of the Fish and Game Commission.

Important changes are made in deer laws. In District four and one-half, comprising Mono and Inyo Counties, the bag limit is reduced to one buck. It is again illegal to kill forked-horn bucks in District one and three-quarter. In the Coastal districts, from the northern boundaries of Mendocino and Glenn Counties to the southern boundary of Ventura County, the open deer season will be August 1 to September 15. In all the balance of the state the season will be September 16 to October 15. New type deer tags will necessitate dates being punched out instead of written in. Effective August 27, all used deer tags must be countersigned regardless of where the deer carcass is to be taken. Possession of deer tags while hunting, not legally issued to the holder, is now unlawful.

Copies of the Fish and Game Development Association's report may be secured while they last from either their San Francisco or Los Angeles office.

AGRICULTURE IS TO STRESS VISIT OF AUSTRALIANS

Management Of State Fair Has Arranged Broadcast For Special Day

(Continued from Page 1)

10:30 a. m. The fair management is constructing a broadcasting studio especially for this program when the prime minister of Australia, the Right Honorable Joseph Aloysius Lyons, C. H., will send his greetings to America by short wave over NBC facilities and which will be rebroadcast from the fair. Welcomes will be expressed by Secretary of Agriculture Henry Wallace, from Washington, D. C., and by Governor Frank F. Merriam. Wallace will speak from his Washington office direct to the fair. Members of the distinguished Australian party will discuss agriculture in Australia, in America, and then compare the two systems.

The Australian tour is under the direction of E. G. Ham, of Bendigo, who arranged the good will gesture when he visited the Pacific Coast last year.

Almost a month will have been spent by the visitors in study of Pacific Coast agriculture before they arrive at the fair. The broadcast will reach Mexico and Canada. The day has been designated as International Day and Pierce will be chairman.

WOMEN NAME SHOP

The new little apparel shop at 39 Wellington avenue has been claimed by our women folk as their very own. They are finding there dresses that are distinctive and pleasing as to size, color and price. That is how this store found its name, the Daly City Dress Shop.

Because Daly City's healthful climate and elixir-like drinking water enlarges your individuality, you women need not be inconvenienced thereby, for Mrs. McCormac carries all sizes to agree with every figure—not only in attractive colorful house dresses, but in up to the minute silks and crepes for every occasion. Smocks and overalls have a place in this ready to wear mart, as well as Larosuede slips, dainty hosiery and sweaters and anklets for sport wear.

Dexdale hosiery is silk sealed, a process in manufacture which insures longer wear. All shades and sizes are on display and the price a few cents less than in our neighbor city's metropolitan stores. In fact, all the stock is priced a few cents less, making it advantageous to trade at home, and Mrs. McCormac will be glad to order special for you if necessary.

Our new business neighbor desires to please, and invites the feminine population to call and see for themselves

The Daly City Dress Shop is located between the post office and the City Hall.

Some Fish, But Not For Everyone

C. F. Rodenberg and Arthur Cornelius, equipped with fishermen's tools, journeyed to Bakers Beach and there met success in a big way.

Rodenberger hooked and landed a 32 pound fresh run striped bass. The lucky fisherman is known by the bait slingers of the piscatorial art as, "He Gets 'em Charlie."

In case this story may impress any jealous minded fish monger as fabulous, ask the victorious angler himself to show you the photo of the latest personal appearance of Mr. Bass referred to.

WANTS ENTIRE FAMILY TO COME TO STATE FAIR

reared in Humboldt County and spent his entire life in northern California. He has been a constant visitor at the California State Fair and can recount many tales of the early days.

Singley's memory remains sharp. He backs statements with a huge family Bible, in which is inscribed the record of every important event in his and his children's lives.

Singley was married twice, first in 1871 to Nellie Cricket of Nevada City, to whom ten children were born. Divorced in 1896, he married Anna J. Rhodes of Yreka, to whom were born ten boys and two girls. The youngest was born when Singley was 75 years old.

"We decided to hold a reunion this year at the fair because I believe the 1937 fair will top them all," Singley told Postman R. D. Hays, as he handed over 80 invitations to the reunion. He said:

"I want the entire family to see what a great state they live in."

More Night Deaths Than In Daylight

Fatalities, caused by collisions on the highway at night have skyrocketed during the past few years, while deaths from wrecks happening in daylight show a moderate trend downward, an analysis by the Department of Motor Vehicles shows.

In 1930, according to the report, 1075 fatal accidents occurred in daylight hours, as against 1032 at night. In 1936 there were 1107 deaths during the day, as compared with 1713 in darkness.

The increase in night fatalities, it is stated, can be explained chiefly by two factors—drunkenness and speed. Approximately 28 per cent of night deaths involve drunkenness. Most of these accidents occur from midnight on into the early morning hours and frequently involve pleasure seekers returning home from parties.

There seems to be a prevailing notion among drivers that when the traffic density is small it is relatively safe to drive at high speed. The mounting toll of highway deaths at night proves this is not true.

HAPPY WIFE IN GREAT DRAMA

KAY PICKERING

The smiling housewife above is Kay Pickering who portrays the wife of 1913 in the great drama of modern industry, "Power" which opens at the Acazar Theater in San Francisco Wednesday night. It falls to Miss Pickering's lot to play the role of the housewife in the days when the prices of commodities were within reach of the average shopper who endeavored to have something left at the end of the month. Her part is accentuated by a more modern housewife who shops at the same time thus showing the difference in prices of the two periods. "Power" is said to be one of the most modern pays of the day. It is known as the Living Newspaper Play, having been written by newspaper people and based on actual research; fact not fiction. It deals with the problem of electrical power.
